

SWK Holdings Corporation Resumes Share Repurchase Program

Dallas, TX, September 6, 2019 – SWK Holdings Corporation (SWKH.OB) (“SWK” or the “Company”), a life science focused specialty finance company, today announced that its Board of Directors has authorized the Company to repurchase up to an aggregate of \$2.1 million of the Company’s Common Stock from time to time until February 29, 2020 through a “10b5-1 trading plan” in compliance with Rule 10b-18 under the Securities Exchange Act of 1934. The amount approved in the repurchase plan represents the balance of the \$3.5 million stock repurchase program that had not been repurchased by its expiry on May 31, 2019.

The actual timing, number and value of shares repurchased under the program will depend on a number of factors, including the constraints specified in the 10b5-1 trading plan, price, and general market conditions. Pursuant to such Board authority, the Company adopted a written trading plan today for the purpose of repurchasing shares of its Common Stock in accordance with the guidelines specified under Rule 10b5-1 under the Securities Exchange Act of 1934. Purchases under the 10b5-1 trading plan could commence as early as September 6, 2019 provided that the purchase parameters set forth in the plan are met.

A trading plan under Rule 10b5-1 allows companies to repurchase shares at times when they might otherwise be prevented from doing so by securities laws or because of self-imposed trading blackout periods. Repurchases made under the trading plan are subject to the Securities and Exchange Commission’s regulations, as well as certain price, market, volume and timing constraints specified in the trading plan. Because repurchases under the trading plan are subject to such constraints, there is no guarantee as to the exact number of shares that will be repurchased under the trading plan.

Winston Black, Chief Executive Officer of SWK, commented, “SWK’s book value at June 30, 2019 was \$17.31 per share, meaningfully greater than the current trading range of SWK’s Common Stock. We believe the repurchase of our shares remains an attractive use of our capital and is in the best interests of our stockholders.”
